

1, 2, 3 Science Clipart

Matter Set

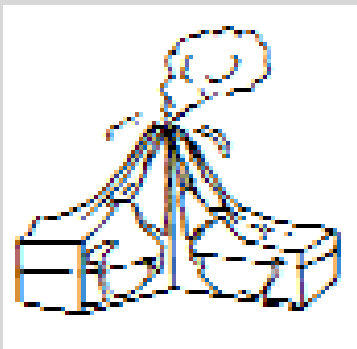

Welcome to 1, 2, 3 Science Clipart, the Matter Set! This collection includes:

- **Matter** - A collection of images related to different states of matter.

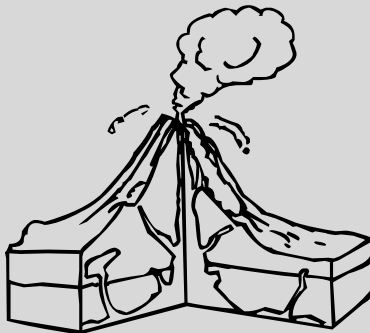

About the images...

All of the images in this set are presented in both **.PNG** and **.EMF** (Enhanced Meta File) format. **PNG** files can be edited in basic paint programs, but may become “fuzzy” when enlarged. **EMF** files are more clear when enlarged, but cannot be edited in most paint programs. Both formats maintain transparency, meaning they do not have a white box around them as would be found in **JPEG** images. In the examples below, the **.jpeg** is not as clear when enlarged, and also maintains a white “fill” inside and around the image. The **.emf** and **.png** images have a transparent “fill”, making them appropriate to use on any background color.

jpeg

emf

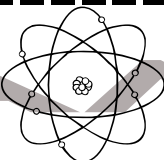

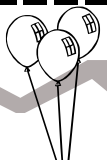

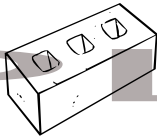

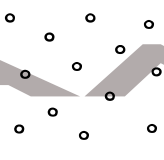

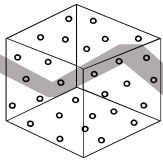

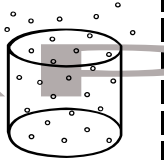

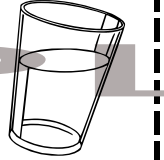

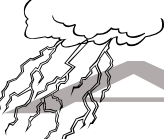

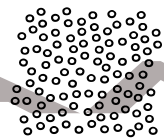

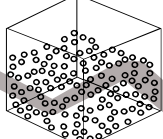

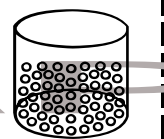

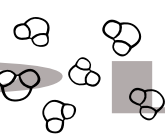

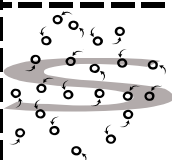

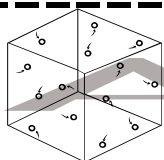

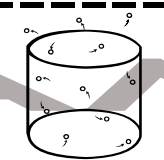

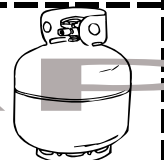

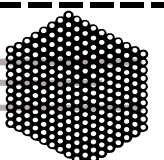

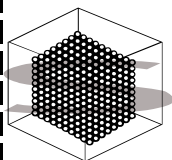

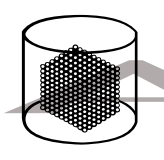

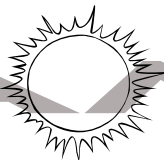

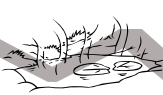

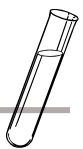

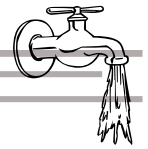

png

PNG files can be previewed in a folder, but **EMF** files can be difficult to preview. Every effort has been made to make filenames as descriptive and logical as possible, and image guides have been provided on the following pages.

Matter Clipart

 air tank	 apple	 atom	 balloons	 bowl of soup	 brick	 candle	 cup of coffee
 desk	 fire	 gas1	 gas2	 gas3	 glass of water	 hot air balloon	 ice cubes
 icicles	 lightning	 liquid1	 liquid2	 liquid3	 molecules	 pitcher	 plasma ball
 plasma1	 plasma2	 plasma3	 popsicle	 propane tank	 rain	 snow	 solid1
 solid2	 solid3	 sun	 swamp	 tea kettle 1	 tea kettle 2	 test tube liquid	 water faucet
